****THIS IS A **FREE SERVICE** FOR ALL RESIDENTS****

Only healthy cats and dogs that can be safely restrained shall be vaccinated at municipal clinics.

Residents may go to any clinic on the list. You do not have to live in the township where the clinic is held. If animals have been vaccinated for rabies *any time in the past*, pet owners must bring proof of prior rabies vaccine to receive a 3-year certificate. Pets must be on a leash and/or in a carrier with ventilation; a leash is also recommended as an extra precaution for pets in carriers. Properly fitted muzzles, when necessary, are also suggested for the safety of people and pets at the clinics. Neither the Municipality nor the Cumberland County Health Department are responsible for animals that get away.
